A Gilt-Bronze Mounted Champlevé Enamel and Marble Centrepiece

Circa: Circa 1900

Gilt-Bronze Enamel Marble

France

Circa 1900

An Unusual Gilt-Bronze Mounted Champlevé Enamel, Alabaster Fiorito Centrepiece.

This unusual centrepiece has a circular alabaster fiorito base within an elaborate rococo-cast gilt bronze border with C-scrolls, scrolling acanthus and a dolphin. The front section of the border is in the form of Champlevé enamel flowers wrapping over the rim.

The centrepiece is raised on scrolling pierced feet.
